Leading innovators in technology and quality

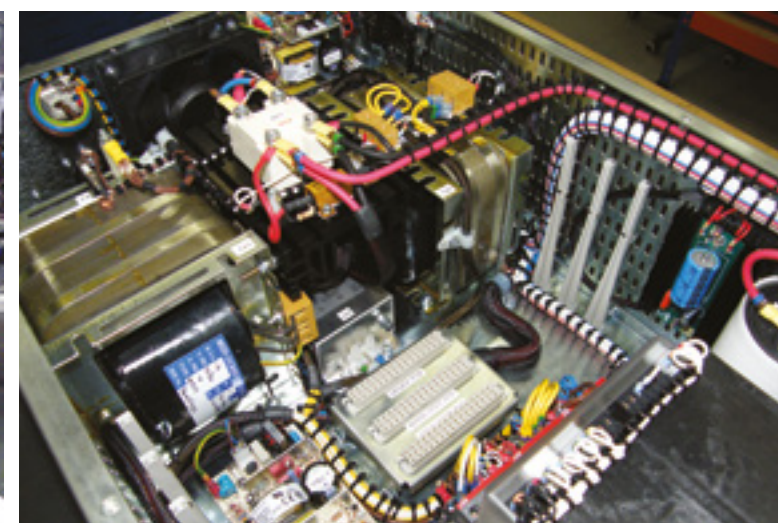

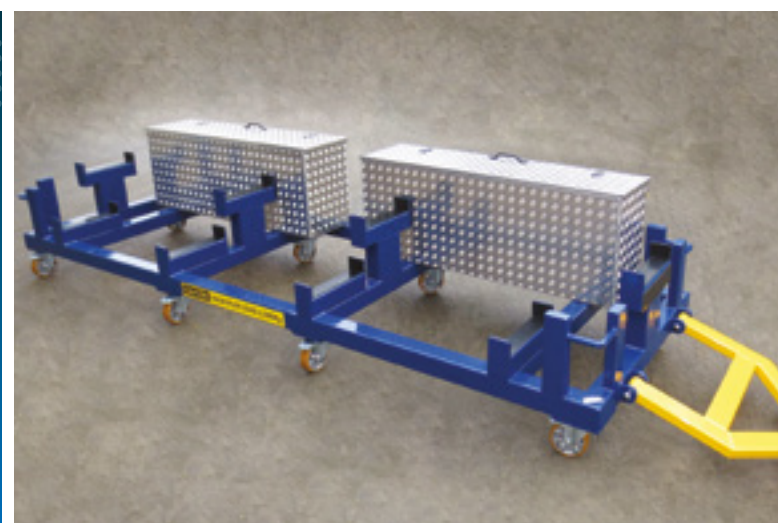

The Drallim Group

World Class Manufacturer

Drallim Industries is a leading innovator in design and manufacturing solutions, providing engineering skills, manufactured equipment & custom-built systems for the Aerospace, Industrial and Utility Markets.

Our highly skilled staff specialise in solving the sort of engineering and manufacturing conundrums you'd rather do without. Our organisation is geared to producing one-offs and we quite often work from a sample, site survey and the simplest of client briefs.

We take pride in overseeing the entire process, from design, prototyping and manufacture to delivery, installation, full product certification and after-sales service.

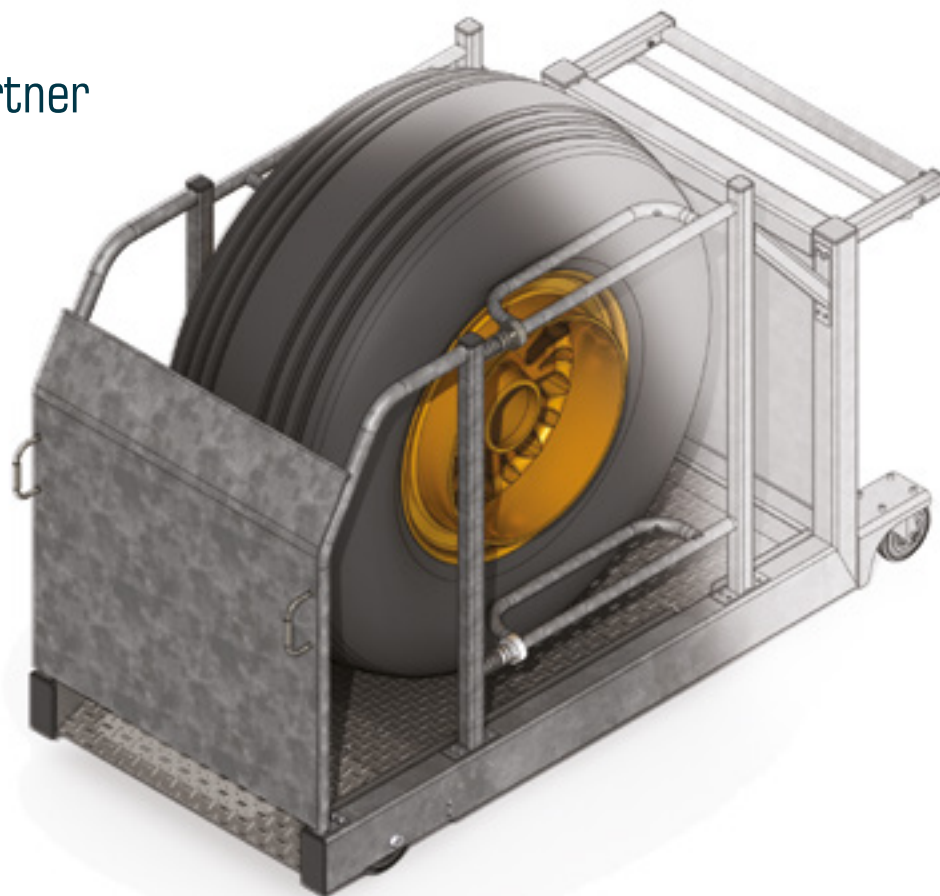

Your Design and Manufacturing Partner

Development Services

The expertise of our design and development department is frequently called upon to work directly with the customer and develop unique and cost effective solutions, using the very latest developments in CAD/CAM and rapid prototype modelling, providing a valuable, dependable service.

Production Facilities

Our modern 1800 square metre production area and trained staff have all the necessary skills and production capabilities to meet any requirements you might have from one-off prototypes to full production runs.

Let us support your MRO operations

We are specialists at providing:

- ✓ Ground Support Equipment
- ✓ Lifting and Material Handling Solutions
- ✓ Trolleys, Trailers and Mobile Platforms
- ✓ Portable Tool Racks
- ✓ Bespoke Tooling
- ✓ Mechanical Cables and Control Rods
- ✓ Test Rigs
- ✓ Design Services using CAD, Solid Works, 3D Modelling & Stress Analysis
- ✓ Specialist Machine Tools

“ In the Aerospace sector we partner with both military and civil aviation customers to develop and implement fresh solutions. ”

Contract Manufacture Solution Providers:

- ✓ Pneumatic & Hydraulic Panels
- ✓ Control Panels and Cabinets
- ✓ Electromechanical Assemblies
- ✓ Electronic Assemblies
- ✓ Prototype Wiring
- ✓ Cable Harnesses & Wiring Looms
- ✓ Assembly & Testing Services
- ✓ Mechanical Control Cables
- ✓ Control Rods
- ✓ Conventional PCB Assemblies

Our clients include:

BAE Systems, Rolls Royce, British Airways, Lufthansa, MoD London Underground, National Grid, EDF & British Telecom.
